EDUCATION

University of Rochester, Hajim School of Engineering & Applied Sciences — **Rochester, NY**
B.S. Mechanical Engineering
Minors: Electrical & Computer Engineering (Robotics), Aerospace Engineering — *Anticipated May 2029*

- GPA: 3.15 / 4.00 • Merit scholarship recipient
- **Relevant coursework:** Introduction to Aerospace Engineering (ME 102), Dynamics (ME 121), Introduction to C/C++ Programming (ECE 114), Honors Calculus, Price Theory (ECON 207)

IES Maria Carbonell i Sanchez — **Benetússer, Valencia, Spain**
High school diploma — *May 2025*

• GPA: 3.73 / 4.00 • Diploma for Academic Performance • Diploma for Teamwork and Good Attitude

EXPERIENCE

Hajim School of Engineering & Applied Sciences, University of Rochester — **Rochester, NY**
Undergraduate Teaching Assistant, ME 102: Introduction to Aerospace Engineering — *September 2026 – Present*

- Lead a workshop section and hold office hours for Prof. John Lambropoulos's introductory aerospace course, walking students through problem sets and core concepts.
- Grade homework and give written feedback that helps students find and fix mistakes in their reasoning.

Rettner Hall Media Lab, University of Rochester — **Rochester, NY**
Rettner Lead — *August 2026 – Present*

- Co-build the weekly staff schedule with the other leads for a team of 11 student employees, balancing coverage against class schedules and requested hours.
- Help hire, train, and manage the team; prepared the lab and its equipment for the 2026–27 academic year.
- Serve as the link between the student staff and the lab supervisor, passing on updates, issues, and policy changes.

Digital Media Assistant — *September 2025 – August 2026*

- Staffed the Media Lab help desk; managed loans of cameras, lighting, and microphones, coordinated reservations and check-in/checkout, and taught users how to operate the gear.
- Ran the lab's 3D printing service: processed and prepared print files, operated the printer, confirmed pricing, and handled pickup communication.

Engineering Design Services Inc. (EDSI) — **Rochester Hills, MI**
Summer Position, Prototype Assembly — *July 2024 – August 2024*

- Built prototype robotic tooling for automotive and non-automotive clients, working about 40 hours per week.
- Read mechanical and electrical drawings to identify required parts and plan each assembly, then built the assemblies by hand.

ACTIVITIES & LEADERSHIP

University of Rochester Rocketry Club — **Rochester, NY**
Member — *September 2026 – Present*

American Space Valencia — **Valencia, Spain**
Makers Club Leader; Teen Drama Club Stage Manager and Sound Technician — *October 2023 – July 2025*

- Planned and led Makers Club sessions teaching children to design and build with 3D pens, and maintained the club's equipment.
- Ran sound for drama club productions: operated sound effects, set up microphones, recorded performances, and built backdrops.

Juniors MD Youth Group **Valencia, Spain**

Youth Group Leader *September 2022 – July 2025*

- Planned and led weekly activities for children, and organized three-day and week-long camps with original storylines and group activities.

SKILLS & INTERESTS

- **Technical:** C/C++ (GCC, CMake, Eclipse CDT), 3D printing (file preparation and printer operation), mechanical assembly and prototyping, reading mechanical and electrical drawings, hand tools
- **Media:** cameras, lighting, microphones and audio setup, live sound for stage productions
- **Interests:** space exploration and astronomy, photography, model kits, learning new instruments
